Professional Summary

Final-year Master's student in Information Systems Security with hands-on expertise in **GRC**, **ISO 27001 auditing**, and **risk management**. Certified **ISO/IEC 27001:2022 Lead Auditor** with experience conducting internal audits, assessing security controls, and delivering compliance documentation aligned with international standards.

Professional Experience

Deloitte Tunisia

Cybersecurity Intern – GRC & Compliance

Tunis, Tunisia

Feb 2026 – Jun 2026

- Led GRC activities including cybersecurity risk assessments, control gap analyses, and audit readiness reviews aligned with **ISO 27001** and regulatory frameworks.
- Investigated **access control policies** and security governance procedures, pinpointing non-conformities and driving corrective action plans to resolution.
- Spearheaded the mapping of organizational risks to applicable controls, strengthening the **ISMS** and streamlining compliance reporting workflows.

ANCS Tunisia

Information Security Intern – ISO 27001 Audit & Risk Management

Tunis, Tunisia

Jun 2025 – Jul 2025

- Engineered an **ISO 27001-compliant internal audit platform** with role-based access controls, activity logging, and structured documentation including risk registers and control checklists.
- Independently identified and treated security risks by mapping threats to ISO 27001 Annex A controls and formulating targeted mitigation measures.

HRS Tunisia

Web Application Security Intern – Secure System Design

Tunis, Tunisia

Feb 2024 – May 2024

- Architected security controls for a financial platform across a multi-bank environment, enforcing **data confidentiality**, **integrity**, secure API integration, and regulatory compliance.

Projects

Internal Audit Report – TechConsult S.A.

- Executed a full **ISO/IEC 27001 internal audit** across asset management, access control, and incident management; uncovered non-conformities and delivered a prioritized corrective action plan and formal report.

Third-Party Risk Assessment – Zoom Video Communications Inc.

- Evaluated 10 security controls against **ISO 27001**, SOC 2, and GDPR; quantified residual risk scores and produced a risk treatment report with ranked mitigation recommendations.

Education

Institut Supérieur de Gestion (ISG)

Master's Degree in Information Systems Security

Tunis, Tunisia

2024 – Present

École Supérieure de l'Économie Numérique (ESEN)

Bachelor's Degree in Management Information Systems

Tunis, Tunisia

2021 – 2024

- Graduated with Honors (Mention Bien) – Top of class distinction.
